

## After the Bell Updates

25th July 2022 | 05.00 p.m IST 2022

### Market Overview -

The Indian Stock Market opened negative after taking negative cues from the Asian market. The Hang Seng closed in slightly negative and Nikkei closed 215 points down as per Friday closing. The Dow Jones and Nasdaq both fell on Friday's trade on which investor remained cautious. The European markets are trading subdued in positive territory at the time of writing of this report.

Domestically, Nifty50 witnessed high volatility throughout the day, M&M, Reliance and Maruti were the top losers and Tata steel, Indusind Bank and Coal India were the top gainers. We expect similar kind of trading activity in couple of sessions. All eyes on Fed monetary policy which may decide further trend for the markets.

Our Take- Nifty50 support may place around 16500 levels and resistance may place around 16850 levels.

Banknifty may take support around 36400 levels and resistance around 35100 levels for tomorrow trading session.
